

Medium Enterprise Energy & Utilities Company Improves Collaboration with AD eDiscovery

Company Profile

The company featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies. AccessData and TechValidate stands behind the authenticity of this data.

Company Size:

Medium Enterprise

Industry:

Energy & Utilities

“AD eDiscovery helps reduce data transfer and costs. It allows us to have better control over our data when working with outside counsel.”

This case study of a medium enterprise energy & utilities company is based on a June 2016 survey of AD eDiscovery customers by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

Published: Oct. 25, 2016 TVID: B66-3C6-6F6

Use Case

The company primarily collects and analyzes data from the following sources as part of an investigation:

-  Cloud services
-  Mobile devices
-  Laptops

Challenges

The following business challenges led the profiled company to evaluate and ultimately select AD eDiscovery®:

- Need to reduce cost
- Need to improve processing speed
- Looking to integrate all aspects of e-discovery into a single process/platform
- Trying to bring tasks back in house

Final Assessment

When compared to other vendors, the surveyed company rates AD eDiscovery capabilities and features as follows:

- Legal hold/preservation: **significantly better**
- Collection: **significantly better**
- Case development: **better**
- Automatic processing/culling: **better**
- Review/analysis: **better**
