- AD eDiscovery Fundamentals I (Administration and Collections)
- AD eDiscovery Fundamentals II (Litigation Hold and Matter Review)

For a comprehensive list of upcoming courses, visit accessdata.com/training-legalsolutions

YOU HAVE A VERY PARTICULAR SET OF SKILLS. GET RECOGNIZED FOR THEM WITH CERTIFICATION.

Computer Forensics—ACE® Certification

The AccessData Certified Examiner® (ACE®) credential demonstrates your proficiency with Forensic Toolkit technology. Although there are no prerequisites, ACE candidates will benefit from taking the FTK BootCamp and FTK Intermediate courses as a foundation.

Legal Solutions Certification

SCE, SCCM, SCA or ADED credentials validate and promote your proficiency with Summation and AD eDiscovery technology. Although there are no prerequisites to take the exams, candidates will benefit from taking recommended courses based on role—reviewer, case manager or administrator.

Our Certification consists of a thorough and rigorous online examination with knowledge-based and practical-based components. You must have a fully licensed copy of the respective solutions.

Expert instructors with real-world experience

Our product trainers have been end-users in local, state and federal agencies, law firms, corporate legal departments, and as litigation support managers. Along with deep product knowledge, they bring practical know-how. They've been where you are. With their extensive industry and product experience, they deliver the clear, concise instruction to guide you through a successful project.

Flexible payment options to meet your needs

We offer a multitude of training options. Now we're giving you greater control and simplicity in how you purchase and manage your training with us. Choose from the available training pass or flexible Training Credits purchase program to cover all your training needs—quickly and easily.
